RE: Housing Credit Gap Financing Requests

Attention 2012 Housing Credit Applicants:

It is not apparent if funding will be available for Housing Credit Gap Financing (HCGF) for the 2012 Competitive Housing Credit Round. Applicants may request HCGF with their 2012 Housing Credit Proposal. HCGF applicants proposing the rehabilitation of existing housing units must submit a detailed relocation plan in their own format with their Proposal. In the event that HCGF funding is available, OHFA will notify successful applicants and provide additional instructions for next steps prior to the submission of a Final Application.
