McGregor Independent Living

The McGregor Independent Living Project is the next phase of senior living at the McGregor Campus in East Cleveland, Ohio. The proposed development will include both a new construction multifamily building and the renovation of existing units on the campus. The new construction portion of the will consist of a three-story, fifty-four (54) unit building. The project will also include the renovation of fifty-two (52) existing units. The result will be 106 units subsidized through the HUD 202/PRAC Program combined into a single project.

McGregor's mission is to foster an environment where seniors can successfully age in a place they are proud to call home. All residents on the McGregor campus have access to its dedicated team of retirement living professionals and access to regularly scheduled enrichment activities. The McGregor campus is the gold standard for the continuum of care model for senior living.
