New Affordability Families New Affordability New Construction 3372 W 25th Street Cleveland W 25th Street Senior Apartments

W25th Street Apartments is a partnership of The Community Builders ("TCB") and CCH Development ("CCH") to develop new mixed-income housing that is responsive to the community's needs and that will contribute to the larger community by planning strategy. This proposal recognizes this important moment in the community's development trajectory. Clark-Fulton has always enjoyed inner-ring urban location and easy access, inherent walkability, and an eclectic mix of retailers. Housing has been affordable but has not seen significant investment and maintenance. In some ways, new development and investment is needed to bring more vitality to the community, however, new market rate housing is the tip of a wave of market investment and change for the community that can often result in displacement and loss of identity. The Project will bring 60 rental apartments serving 30-80% AMI households as well as 5,000 sf of ground floor commercial space for the MetroHealth Senior Health and Wellness Center.
